

The background of the slide features a dark, blue-toned photograph of a coastal town at night. In the foreground, there's a rocky shoreline with waves. In the middle ground, a row of houses is visible, and in the background, a larger, multi-story building, possibly a hotel or government building, stands out. Overlaid on the top half of the image is a complex network of white lines connecting various points, resembling a data network or a constellation.

- Matched Patients
- If a Patient has Opted Out

JULY 2026

Attest to Patient Relationship

To view a patient that is not on your panel, you will need to:

Attest to Relationship

This patient is not currently linked to a active or existing relationship at your organization. As a reminder, CurrentCare prohibits access to patient records where there is no active relationship. All access to patient records are monitored. Do you wish to continue?

CRISP Patient Match has identified the following patient records that match information provided to look up the patient. You see multiple patient identities because multiple patient records exist in the Master Patient Index that might apply to the patient.

Patient identities are presented in order of most likely match to the demographics provided.

Please compare the demographics of the patient with your records to ensure that you select the patient most appropriate for your interest and context.

If a Patient has Opted Out...

- They chose to NOT share their clinical data. There are 2 exceptions for RI HIE Portal:
 - **PDMP:** Authorized users of the Prescription Drug Monitoring Program will have access to PDMP via the Medication Management > **PDMP** tab.
 - **Temporary Emergency Access:** The only other access for this patient is during an **emergency** to the Clinical Data > Structured Documents > **National Networks** tab.

Searching and Filtering

- The **SEARCH** icon allows you to type in specific key words, like a date, provider name or medication name.
- The **FILTER** icon allows you to provide multiple criteria to narrow your search.

Sorting Columns

- Every column heading acts as a toggle.
- Simply click on the column name to switch from newest to oldest, or A/Z order.

User Settings

- You can change the order of your clinical categories:

- 1 Click User Settings
- 2 Use the arrows to reorder the sections.

NOTE: this change will remain in place until you decide to change your preferences

The screenshot displays the Rhode Island HIE InContext user interface. At the top, the header includes the Rhode Island HIE logo, copyright information, and the user's name 'ADAM DEMOSKY'. The main navigation sidebar on the left contains a 'Reports & Applications' menu and a list of clinical categories: PATIENT INFORMATION, CLINICAL DATA, MEDICATION MANAGEMENT, CARE COORDINATION, SOCIAL NEEDS DATA, and MY PATIENT SUMMARY. The 'USER SETTINGS' option is highlighted at the bottom of this sidebar with a yellow box and the number '1'. The main content area is titled 'USER SETTINGS' and features a 'Tab Order' section. This section lists the current default landing tabs for each patient search: Clinical Data, Medication Management, Care Coordination, Social Needs Data, and My Patient Summary. Each tab entry includes its subtabs and up/down arrows for reordering. The 'Social Needs Data' entry's reorder arrows are highlighted with a yellow box and the number '2'. The footer of the interface indicates it is 'Powered by CRISP'.

My Patient Summary

- You can pin different sections of the record, so they will show in My Patient Summary
- Pin individual tabs (such as Hospital) or All to show them all.
