- Accessing Population Explorer
- Pages of Encounters
- Refresh

JULY 2027

Encounter Notifications

[RIHIE.org/
DataGuide](https://RIHIE.org/DataGuide)

Encounter Notifications are provided free of charge to authorized clinical teams.
Not available for patients who have opted out of RI HIE Data Sharing.

Accessing Population Explorer

- Your HIE Admins can grant you access to Population Explorer.
- It is displayed in the right pane of **RI HIE Portal**.
- To open the full view, click any patient row or the blue bar.

[illegible]

- Each encounter has a row.
- All related patient events are consolidated into one encounter row.
- Each page shows 25 notifications.
- Use Arrows to move between pages or jump to a page by typing in the number.

NOTE: Historical encounter data will not be migrated to the new RI HIE platform, so these calculations will not be accurate until 180 days after go-live for each facility who shares data into RI HIE.

This began in January 2025 and will continue throughout April and beyond.

Follow our DataGuide for updates on the timing of encounter data:
RIHIE.org/DataGuide

- Notification updates are fetched every 25 minutes but are not automatically loaded to the interface to avoid interrupting user workflows.
- After a sync occurs, new notifications appear automatically in a red icon at the top of the list. Click the 'Refresh' icon to load any new notifications.
- "No data to display" will appear until a notification is received If there are new notifications in a different panel you're not currently viewing, a small red icon appears in the upper-right corner.

RI HIE POPULATION EXPLORER: OVERVIEW & NAVIGATION

DETAIL VIEW

- Default
- Select Encounter
- Categories

JULY 2026

Detail View – Default

- By default, the **Detail** view loads each encounter as a row down the left side.
- **No** encounter is selected.
- **No** encounter data is displayed.
- Clicking any encounter row will display the details for that notification

The screenshot displays the Rhode Island HIE Population Explorer interface. The top navigation bar includes the RHODE ISLAND HIE logo, copyright information, and user options like 'MY HIE ADMIN(S)', 'SEND FEEDBACK', 'PRODUCT UPDATES', 'Your Name', and 'LOGOUT'. Below this is a 'HOME' button and a search bar for 'Search Applications & Reports'. The main content area is titled 'Population Explorer' and shows a 'View Panel' dropdown set to 'RICC - Demo CEND Panel (RICC_CEND)'. There are 'Export' and 'Patient Export' buttons. The interface is split into two main sections: a left sidebar and a right main area. The left sidebar has tabs for 'DETAIL' (selected) and 'TABLE'. It lists several patient encounters with details like name, DOB, admit date, notification type, and facility. The right main area displays details for the selected encounter, including 'Follow-Up Status' and 'Patient Demographics' sections. A yellow arrow points from the text 'Clicking any encounter row will display the details for that notification' to the list of encounters in the left sidebar.

'Search' by patient name in Population Explorer

Example: Search for a name in Quick Filter

1 Select 'Patient Name' in Quick Filter

2 Type name

3 Click 'Apply'

The screenshot shows the 'Population Explorer' interface. At the top, there's a 'View Panel' dropdown set to 'RICC - Demo CEND Panel (RICC_CEND)' and an 'Export' button. Below this is a 'DETAIL' / 'TABLE' toggle. The 'DETAIL' view shows a list of patient records. The first record is 'Hatfield_DEMO, William' with DOB: 1962-01-01, Admit Date: 2025-01-15 11:51, Male, Notification Type: Outpatient Encounter, and Facility: RICC - Demo Hospital Source. To the right of the list is a 'Follow-Up Status' section with a dropdown and 'Last Modified: By:' fields. Below that is a 'Patient Demographics' section with 'First Name:' and 'Last Name:' fields. On the right side of the interface is a 'Quick Filter' panel. It has a 'Patient Name' dropdown (labeled 1), an 'Input Value' field containing 'hatfield' (labeled 2), and an 'APPLY' button (labeled 3). Below the input field, it shows 'Patient Name : hatfield'.

Alternatives: 1. Control F (Find) – this works on the current page
2. Export List to Excel and search
